

DELHI PUBLIC SCHOOL JAMMU

Session 2025-2026

Assignment (Month-May)

Class-III

Sub-EVS

1.Read the paragraph and answer the following questions:-

Endangered animals are species that are at risk of disappearing forever. Their homes are being destroyed, and they are being hurt by pollution and human activities. We need to protect them and their habitats. We can help by reducing waste, conserving water, and being kind to all living things. By working together, we can save these amazing creatures.

1. What does "endangered" mean?
2. Why are animals becoming endangered?
3. How can we help to protect endangered animals?

II. Fill in the blanks:

1. Birds like _____ and _____ are called Nature's Clean Up Crew.
2. Butterflies have _____ stages of life.
3. _____ sit on uncovered food and spread diseases.

III. Give one word answer:

1. Project launched by India to save Tigers
2. An useful insect.
3. They depend on both plants and animals.

IV. Value based question:

How can we show love and care to our pet animals?
