Circular

Dated: 29-08-17

Dear Parents (Class I-XII)

The potential of information technology as a valuable learning resource is immense. However, if children use the internet without safety awareness, they may fall prey to illegal activities, fraud or something even more serious like much talked about **Blue Whale game**. In this connection, it is requested that parents strictly supervise the use of smart phones by their children and discourage them from playing such internet games. We look forward to your cooperation in monitoring your children's online activities in their safe interest.
